His evidence will be of great importance for the reason that his testimony will be that Mrs. Mason has no daughter, as alleged in her complaint asking \$25,000 damages from the Seattle banker. He may also be called upon to testify concerning other matters in regard to the woman.

# BOY GETS 25 YEARS FOR ATTEMPTING TO POISON HIS MOTHER

Also, it may be well for people to remember the fact that if one signs now he explicitly commits himself to the support of a candidate. Which explains the haste to get petitions in the field. The sooner a candidate gets signatures, the sooner he has voters practically tied to him, and naturally, taken away from any possible rival for the nomination, which may be a good reason for petitions to be early in the field, and also a reason for voters to be sure they know what the signing of the petitions involve.

No disturbances were reported early today, although several mobs gathered. The military seems to be able to cope with the situation. The transit company claims to have won a victory over the striking car operative and refuses to arbitrate. Placards are posted in the car barns offering employment to novice car men at regular wages. Many are accepting. The first trouble with the striking carmen occurred shortly before noon when the mob attacked a car. They were charged by the police and constabulary. Several were severely hurt and one policeman was injured.

# STEAM SAWS ARE BUZZING

ang of Men at Work Chop-  
ping Wood for Market in  
Eucalyptus Grove

(By D. W. McDannald.)

BERRYDALE, Feb. 24.—Our dusky  
nsfolk from across the way—Old  
exico—are reaping a harvest of la-  
or just now, and are laying by a  
w pesos to tide them over until the  
et season calls them thither. I  
ve a gang of seven cutting wood,  
ad there will be perhaps fifty of  
em in the big gum grove next  
eek. Two steam saws begin cut-  
ing blocks tomorrow, on the south-  
st corner. There will probably be  
00 cords on that forty, and then,  
the Los Angeles market still looks  
od, perhaps another contract will  
e let.

A crew of choppers have been fall-  
g trees this week for piling to be  
ed on the Redondo wharf. The  
st contract calls for 400 of them.  
Mike Conway and Dahl leave Fri-  
y morning for their old home in  
lbourn, Wisconsin.

Mrs. Emma Hill is running an up-  
date caravansary. She is putting  
grub for the crew of men working  
the big grove.

R. L. Greenleaf has been very  
uch under the weather lately. He,  
th a lot of others, was caught in  
e dragnet of a very bad case of  
ipp, and Bob may be seen most  
y day on the sunny side of the  
n coop trying to hatch an appe-  
e.

Will Carter left Monday morning  
r the Imperial Valley, where he  
ll visit for a short time, and then  
haps he will take a hike for the

old home in North Carolina.  
The Woodmen gave a dance at  
Garden Grove tonight.

The affair of the season was pulled  
off at the residence of John  
Swartzbaugh the other night, and  
was so fraught with grotesque cos-  
tumes and oddly contrived make-  
ups that it made the old Thomas Cat  
climb a tree, tail up hill.

So much is being said these days  
about railroads and their queer meth-  
ods that I am induced to remark  
that it does seem strange to a man  
up a tree, how the mistakes in ship-  
ping rates are always discovered at  
the delivery end of the line. I told  
you some time ago about the people  
who shipped a car of stock from  
Santa Ana to Wilcox, Arizona, and  
were held up at the Wilcox end of  
the line for an extra \$90 freight bill.  
About the same time a car arrived  
at the local station from somewhere  
in Texas, and the agent here at once  
spotted a shortage of \$155. Now,  
don't you suppose that jarred the  
Texas man. It's a wonder some one  
doesn't resort to the shotgun meth-  
od, as that would have such a be-  
nign influence in hastening long de-  
layed justice. Of what merits or de-  
merits there were in the Texas ship-  
ment, I know absolutely nothing, but  
the Arizona affair was a plain and  
palpable case of blunder, and it was  
taxed up to some poor men, who  
could ill afford to pay for some one's  
negligence or incompetence.

This statement is given through the  
fact that L. H. Padgham of this city

named firm, same being purchased un-  
der an agreement not to enter field

# BIG INCREASE IS EXPECTED

Orange Athletic Club Makes  
Plans for Future Work—  
News Notes

ORANGE, Feb. 24.—A meeting of  
the stockholders and directors of the  
Athletic Association of Orange was  
held on Tuesday evening at the rooms  
of the club. A number of matters of  
interest were discussed and from the  
reports the club was shown to be in  
a flourishing condition.

P. W. Ehlen made a generous do-  
nation to the work by subscribing \$5  
per month to the funds. The Ains-  
worth Lumber Company gave a fine  
table 5x12 to the members for use in  
the reading room. It was decided to in-  
crease the membership of the Associa-  
tion by admitting those who were  
willing to pay a higher rate of dues  
without buying stock. At pres nt the  
membership is limited to those who  
hold stock in the club and pay a small  
amount of dues each month for run-  
ning expenses. These dues will be  
higher to those who are not stock-  
holders. It is expected that this new  
plan will result in a larger increase  
in membership.

After the close of the stockholders  
meeting the board of directors met  
and passed on several matters under  
discussion. One of these was a de-  
cision to buy a pool table and also a bil-  
liard table which had been offered to  
the club at a price which the stock-  
holders at their meeting decided to be  
good. The directors also report that  
they have secured the services of a  
physical director from the Y. M. C. A.  
in Los Angeles to give instruction in  
the gymnasium in Orange.

George S. Harper, managr of the  
Athletic Association baseball team re-  
ports that he has secured the promise  
of some of the best baseball players  
who will make up an excellent team  
for Orange. Among those who are ex-  
pected to represent Orange are Hin-  
richs Witt, Carl Schmidt, Pratt, Mee-  
han, Reeves, Carpenter, Lester, Sla-  
back of Santa Ana and Reginald  
Cayce.

Postmaster Edwards and family  
moved the first of this week to their  
new home on La Veta avenue, the  
former home of J. W. Morrison which  
Mr. Edwards has purchased.

Miss Emma Wyneken spent last

week with friends in Los Angeles and  
Long Beach.

Mrs. Lydia B. Anthony, mother of  
Mrs. C. W. Hollister, died at the home  
of her daughter on Monday of this  
week. Mrs. Anthony was 80 years of  
age and has been a resident of Or-  
ange for about six years. Funeral  
services were held Tuesday afternoon  
from the undertaking rooms of D. A.  
Blank in Orange.

William Preiss of Ehlen & Grote's,  
who fell from his wagon a short time  
ago and was severely injured on the  
brake handle, is improving and was  
able to be out a short time this week.

Mr. and Mrs. D. P. Crawford of  
Olive were guests on Wednesday eve-  
ning of Mr. and Mrs. Izes Brown of  
Tustin.

Several families including those of  
H. A. Brown, D. P. Crawford, Henry  
Meyers, Hutchusen and M. Payns,  
spent Tuesday picnicking in the can-  
yon. Lunches were spread together  
and a good time enjoyed.

The city trustees opened bids for a  
new air compressor for the city wa-  
ter pump. A number of bids were re-  
ceived but all taken under advisement  
until a future meeting. This piece of  
machinery will cost in the neighbor-  
hood of \$3000 and will be a great ad-  
dition to the city water plant.

C. E. Crow of Villa Park has pur-  
chased a lot on Palmyra avenue ad-  
joining that of Miss Wyneken and  
will soon begin the erection of a  
home. Mr. Crow will still retain his  
ranch at Villa Park, but expects to  
live in the new home in Orange.

The Reformed German church of  
Orange has almost completed a new  
building on the corner of Orange and  
Palm to be used as a place of meet-  
ing.

Among the homes in quarantine for  
measles are those of W. A. Dyer of  
West Orange and W. D. Granger of  
East Chapman.

Dr. G. C. Nichols has been confined  
to his home for several days this week  
suffering from a severe cold.

The Epworth League of the Method-  
ist church gave a Washington's birth-  
day social in the parlors of the church  
on Tuesday evening. The young la-  
dies of the reception committee wore  
quaint Martha Washington gowns.  
Fruitade and wafers were served dur-  
ing the evening. A most enjoyable  
evening was spent and the League re-  
paid by a good attendance.

The teachers from the Orange gram-  
mar school spent a most enjoyable  
day Washington's Birthday at La-  
guna Beach. The Santa Ana Tally-ho  
conveyed the merry crowd composed  
of the Misses Finley, Robbins, Keith,  
Shoemaker, West, Biggs, Parker, Myr-  
le Parker, Stanley, Lillie Stanley,  
Cessna, Killifer, Paxton and Prof.  
Durfree. The party was chaperoned  
by Mrs. Parker.

Mrs. Sig Salveson and baby of Ful-  
lerton were Orange visitors on Mon-  
day. Mrs. Salveson came down to  
see her new niece, little Miss Eljah,  
who arrived on Sunday.

George E. Peters, county recorder,  
was a business visitor to Orange on  
Monday.

Mrs. E. M. Bradley and children of  
Santa Ana spent Wednesday with her  
mother, Mrs. J. B. Peers and sister  
Mrs. L. A. Stevenson of Los Angeles  
who is visiting in Orange.

# TALKING OF GAS PLANT

City Trustee is Gathering Data  
to be Used in Consider-  
ing Matter

Huntington Beach News: A peti-  
tion signed by one hundred and thir-  
ty-five citizens was read to the city  
trustees, asking that an election be  
called at an early date to vote upon  
a bond issue to secure funds for es-  
tablishing a gas plant in this city.  
Trustee Warner's motion to appoint  
a committee to secure from a com-  
petent engineer an estimate of the  
cost of a gas plant for this city met  
with an affirmative vote by the en-  
tire board. Trustee Helme was  
named as the committee.

City Trustee Helme, who, at its  
last session, was appointed by the  
board of city trustees as a commit-  
tee to ascertain from a competent  
engineer the cost of establishing a  
gas plant in this city, is now in cor-  
respondence with experts at San  
Francisco, Los Angeles, Colton, Red-  
lands and other points, with a view  
to obtaining before the next meet-  
ing of the city trustees an estimate  
of the probable cost of the plant.

Mr. Helme, who is an enthusiastic  
advocate of a municipal gas plant  
here, is devoting his time and energy  
to the work entrusted to him by his  
fellow trustees, and is confident of  
being able to present to them within  
the next ten days the estimate upon  
which they will probably base a call  
for a bond election.

## EFFECT OF NEW LAW ON JOINT AND UNION HIGH SCHOOLS ELECTIONS

Under the operation of the new state law regarding trustees of Union and Joint Union High School districts all such trustees will go out of office on July 4, and will, if they desire to hold office again, have to appear as candidates at the approaching election for school trustees on April 1. The new law requires the election of a board of five trustees at large from the entire territory covered in the given district. Heretofore one trustee has been elected from each district included, and some of the districts have had as many as twenty trustees, while the average is about seven. As there are 97 union and 9 joint union high school districts in the state, a large number of trustees will be affected by this election.

It was the purpose of the legislature in making this change to prevent such boards from becoming unwieldy. Where there are so many trustees in a board, they live far apart and it is difficult to get a majority together to do business. The new law will also make it easier for new districts to be added to established union districts. The length of the terms of office of each of the five members of the new boards will be determined by lot at the time of organization, on the second Saturday in July.

Other school trustees will be elected as formerly at this election. New blanks will be forwarded to county superintendents for the calling of the election, by the state office of public instruction within a few days.

## School for Officers of the California National Guard

SACRAMENTO, Feb. 25.—Tentative arrangements are being made by Adj. Gen. J. B. Lauck for a five days instruction camp in June at the Monterey Presidio for officers of the National Guard of this state. The primary object of the proposed officers' school for which U. S. regular army officers will be detailed as instructors, is to enable the National Guard officers to study the principles of active field service so that they will be better prepared to put these matters in practice at the October encampment and maneuvers regularly held at Atascadero.

This new departure is in line with the military policy of eastern states, means marked improvement in the National Guard, and is heartily endorsed by the war department at Washington. Gen. Barry, commanding the Department of California, San Francisco, will detail regular army officers from his staff and command to Monterey.

There are about 300 officers of the California National Guard who would be eligible to attend. The adjutant general is communicating with them to determine how many will be able to attend both the Monterey school and the Atascadero encampment. If sufficient numbers respond favorably the Monterey school will be assured.

The course of instruction will cover the entire field of sanitation, subsistence problems, advance and rear guard, sentry duty and general field service. Everything relating to handling forces in the open country will be covered from the bottom up. Officers will be required to take tentage as well as a private's equipment. The National Guard now numbers nearly 4000 and as it is in the first line of defense, it is deemed of essential importance that its officers have every opportunity to fit themselves to impart to their troops in turn the military practice governing field movements, with particular relation to California topography.

French that the undersigned party of the second part in said deed of trust shall sell the premises described therein, or such part or parts thereof as in its discretion it shall deem it necessary to sell in order to make payment of said amount so due and unpaid, and to accomplish the objects of the trusts in said deed set forth, the undersigned, Orange County Title Company, the party of the second part in said deed of trust, will, on Saturday, February 26th, 1910, at ten o'clock in the forenoon, at the South door of the Court House, in the City of Santa Ana, County of Orange, State of California, sell at public auction, to the highest bidder for cash, in United States gold coin, the property in said deed of trust and hereinafter described, or so much thereof as may be necessary to pay said amount of principal and interest due and unpaid on said promissory note, and to accomplish the object of the trusts in said deed of trust provided.

Said property is situate in the County of Orange, State of California, and described as follows:

First. The west twenty-eight and 56-100 (28.56) feet of Lot Seventeen (17) and the east fourteen (14) feet of Lot Eighteen (18) of the "Birch Addition to Santa Ana," as shown on a map recorded in Book 3, page 145, of Miscellaneous Records of Los Angeles County, California.

Also a strip of land adjoining the above on the west, being four (4) inches wide and one hundred (100) feet long, and commencing fourteen (14) feet west of the southeast corner of said Lot Eighteen (18), and running thence west four (4) inches; thence north one hundred (100) feet; thence east four (4) inches, thence south one hundred (100) feet to the place of beginning; reserving a right of way for sewer purposes commencing 14 feet west and 100 feet north of the southeast corner of said Lot 18, and running thence east 42.56 feet; thence south 10 feet thence west 42.56 feet, and thence north 10 feet to the place of beginning.

Also commencing at a point fourteen (14) feet west of the northeast corner of Lot Eighteen (18) in said Birch Addition, and running thence South twenty-five (25) feet; thence west eleven (11) feet; thence north twenty-five (25) feet, and thence east eleven (11) feet to the place of beginning.

Second. Commencing at the southeast corner of Lot Twenty-two (22) of the "Potts, Borden and Sidwell Tract," as shown on a map recorded in Book 4, page 624, of Miscellaneous Records of Los Angeles County, California, and running thence west along the south line of said Lot 22, a distance of 13.15 chains; thence north 15.22 chains to the right of way of the Santa Ana branch of the Southern Pacific Railroad; thence southeasterly along said right of way to the point of beginning, containing 10 acres, more or less; reserving therefrom the roads laid out on the south line; also the right of way for necessary water ditches.

In witness whereof, the said Orange County Title Company has hereunto caused its corporate name to be subscribed this 31st day of January, 1910, by its President and Secretary thereunto duly authorized.

Dainty refreshments were served by the hostesses. The next meeting, at the home of Mrs. Nemo, March 2, will be the annual election of officers.

## COMMITTEE NAMES STREETS PROPOSED TO BE IMPROVED UNDER THE CITY'S PLANS

Another step forward in the plan of street improvement all over the city was taken when the report of Street Committee R. J. Thompson and Street Superintendent C. R. Ward, laying out a list of streets to be improved, was accepted by the city trustees. This report, which is herewith printed in full, proposes two kinds of improvement, rock and oil macadam and gravel and oil covering.

The city proposes to put streets to grade that will take up this work before April 1. It is hoped that property owners will take up the proposed improvement that there may be no recourse to the Vrooman Act. To the Honorable, the Board of Trustees of the City of Santa Ana.

Gentlemen:—We, your committee, recommend that certain streets in the city of Santa Ana be improved as follows:

With "rock and oil macadam"—  
Ross street from First street to Hickey street.

Birch street from First street to Hickey street.

Sycamore street from First street to Third street.

Broadway from First street to Third street, and from Fifth street to Hickey street.

Main street from Bishop street to the south city limits, and from Santa Ana avenue to the north city limits.

Bush street from First street to Third street, and from Fifth street to Seventh street.

Spurgeon street from First street to Third street, and from Fifth street to Seventh street.

French street from First street to Fourth street, and from Fifth street to Washington avenue.

First street from Flower street to the railroad tracks.

Second street from Ross street to French street.

Third street from Bush street to the Griffith Lumber Co.'s switch.

Fourth street from Hesperian street to Barton street, and from the railroad tracks to Grand avenue.

Fifth street from Ross street to Broadway and from Spurgeon street to French street.

Sixth street from Ross street to French street.

Seventh street from Sycamore street to Spurgeon street.

Church street from Broadway to Main street.

With "gravel and oil"—  
Bishop street from Birch street to Orange avenue.

Camelia street from Birch street to Main street.

Camelia street from Main street to Orange avenue.

Myrtle street from Main street to Orange avenue.

Chestnut avenue from Birch street to the railroad tracks.

Pine street from Birch street to Orange avenue.

Fourth street from Artesia street to Hesperian street, and from Grand

## "Nature's Gift from the Sunny South"

## Noah Was the Founder of Indigestion-- He Forgot to Leave the Pigs Ashore

People, in consequence, have ever since been victims of lard-cooked food and indigestion. Lard-soaked food is not fit for human stomachs because lard is made from greasy, indigestible hog fat, and is bound, sooner or later, to make trouble for your inner machinery.

**Cottolene** is the only rational, national shortening. It is a pure, vegetable product and its source (the cotton fields of the Sunny South) is in striking contrast to the source of lard—and there is just as much difference in the healthfulness of the two products as in their sources.

**Cottolene** makes food that any stomach can digest—palatable, nutritious and healthful. If American housewives but knew the superiority of **Cottolene** over lard, both from a practical and health standpoint, lard would never again enter any well-regulated kitchen.

**COTTOLENE is Guaranteed** Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

**Never Sold in Bulk** Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

**PROBE! A PROBE!! MY KINGDOM FOR A PROBE!!!**

The "probe" into the methods of the packers is becoming popular and looks like it would become general in the east. New York, New Jersey, Chicago and Missouri are already at it, hammer and tongs, and as all the states have laws that are sufficient for the purpose the movement is likely to assume nation-wide scope. Just at this point an interesting question arises to the effect, will it reach the state of California? Will the packers be allowed the opportunity to explain to the people of this coast why it is that they are compelled to pay exorbitant prices for meat or go without? Not but that we all have our ideas on the subject, but that we would like to know for sure. And while the subject is up the prices of pretty much everything else might be gone over, just for the satisfaction of it, if for no other reason. It is right and proper that we should pay the going prices for the necessities of life, we would like to know it, as such knowledge would help to ease our minds as well as our purses. It may be that all we need is the "mind cure" and if so, the sooner it is applied the better for all concerned.

Congressman Fordney claims that he whole trouble lies with the protesting officers the country over, and that they could soon put a stop to the conspiracies that have boomed prices. Is this be so why do they not act? There is another puzzler: Why do they not, as guardians of the "dear people," act the part? As a campaign is now on in this state and county this is a good question to bring up for discussion. It would make quite a respectable issue in which to go before the people. If it be true that we are being illegally robbed by a set of conspirators, the game has now reached a point that calls for an investigation, or as the popular phrase goes "a probe."

By all means let's have a "probe" of our own; if not for use upon the manipulators of prices, at least for use where it will do the most good in finding out why we haven't one for use upon the said manipulators.

The Chicago suffragists have gone back to our forefathers for an argument, and their cry is now "taxation without representation is tyranny." On the authority of this fundamental principle with which the heroes of the revolution met the aggressions of the mother country, they are refusing to pay their taxes. The principle is no doubt a sound one, but like many others equally sound it will have a poor show so long as the 'men folks' have the say.

The national political outlook seems to be unfavorable to the Republicans. In addition to the fight between the regulars and insurgents, it is now authoritatively announced that Bryan will not be the Democratic candidate in the next race. The party of Roosevelt and Taft will find it rather odd and will have to shape itself for a new kind of campaign. There is one hope, however, on which we can always rely and that is as stated by Grant, you can always depend on the Democratic party to do something foolish to spoil any good chances it may have.

It is now thought that four of the administration measures will pass congress at this session, including the postal savings bank bill, for which the American people will be duly thankful, living in hope that their representatives in the next congress will also grant them a few like favors.

Reports Conflicting—Rumor of Captain Godfrey Fowler's Death Confirmed

BLUEFIELDS, (via Wireless to Colon), Feb. 25.—Conflicting messages received today from Western Nicaragua indicate that the administration forces have stemmed the rebels' advance into the capital. Disruptive fighting is occurring near Acopyapa, with results not entirely favorable to the insurgents. Managua is jubilant over the reported government victories. Official advices today confirmed the report of Captain Godfrey Fowler's death. Godfrey was a former American army officer who had cast his fortunes with the Nicaraguan rebels.

How a Santa Ana Citizen Found Complete Freedom From Kidney Troubles

—If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Santa Ana people testify. Here's one case of it: F. P. Fraser, 1642 Regent street, Santa Ana, Cal., says: "I have known and have been an endorser of Doan's Kidney Pills for some three years. Symptoms which gave evidence of weak kidneys were very pronounced in my case. For a long time I was subject to attacks of pain in my back and I was caused much annoyance by too frequent passages of the kidney secretions at night. When I commenced the use of Doan's Kidney Pills my condition was considerably worse than it had been for a long time, but it did not take this excellent medicine long to remove the pains and other troubles. I feel that I have every reason to give Doan's Kidney Pills my endorsement" (Statement made March 8, 1907.)

Confirmed Proof  
On August 11, 1909, Mr. Fraser was interviewed and he said: "I still hold Doan's Kidney Pills in high esteem and I gladly confirm my former endorsement of them. I have been free from every symptom of kidney complaint since this remedy cured me."

## Society

### Kennedy-Beem

Yesterday afternoon at 3 o'clock, Miss Dorothy B. Beem was united in matrimony to Louis C. Kennedy, by Rev. Chas. H. Seecombe. Both bride and groom were from Ocean Park. The wedding was at the Congregational parsonage.

### Sunday School Convention

The annual Santa Ana District Sunday School convention convened this morning at Garden Grove and will continue through this evening. The sessions were held in the Methodist and Baptist churches and a bonday luncheon was enjoyed which brought the delegates together in a social way.

Among those who attended the convention from Santa Ana were the following: Misses Minter, Ritzer, McPhee, Walker, Pilcher; Mesdames Grouard, Baker, Wilcox, Walker, White, Catland and Weaver from the First Baptist church; Rev. R. C. Douglass, Mesdames Nelson and Turner, Mr. and Mrs. E. C. Martin, Mr. and Mrs. Wiseman, Misses Eva Williams and Nora Coon, from the

South Methodist church; Mesdames Winbiger, Raugh and Baker from the First Methodist church; Mr. and Mrs. J. E. Kellogg, Mr. and Mrs. Harry Dean, Rev. and Mrs. W. L. C. Samson, Mr. and Mrs. Leigh Galloway, Mrs. L. Kellogg, Misses Kellogg and Hinton from the United Presbyterian church.

### Needlework Party

Miss Margaret Bowen entertained several of her friends yesterday afternoon at a needlework party, her Bush street home being prettily adorned with Marguerites. Social conversation over the dainty work and delicious refreshments ended the pleasant event.

### Trotter Club

Mr. and Mrs. George L. Wright had the Trotter Card Club at their cozy home last night. Six tables of players were engaged in a progressive game of 500, and a jolly evening was spent. After the games, delicious refreshments were served on the small tables.

### Young Ladies' Travel Club

Misses Elsie and Gladys Harrison were hostesses on Wednesday afternoon to the Young Ladies Travelers' Club, and treated the members to a surprise lecture by Miss Cubbison, who gave interesting facts about the city, drawn from her personal experiences. Miss Cubbison's beautiful English clothed the interesting incidents and observations she had made with delightful coloring, and afforded her hearers a rare opportunity of hearing a vivid exposition of the charms of Paris.

The club meeting was opened with a charming piano solo by Miss Alice Norton. Guests of the club were: Mrs. E. M. Nealley, president of the Ebelle; Mrs. W. L. Tubbs, curator; Mrs. Addison Cole, leader of Travelers' Club No. 2, and Mrs. Finch of Fullerton. Elaborate refreshments were served by the hostesses.

### Will Occupy New Church

Last night the last service that will be held in the old Congregation-

al church took place in the Sunday school room, where the mid-week prayer meeting was conducted by Rev. Seecombe. The room was full of people and much feeling marked the service.

Next Sunday will mark the beginning of a new era for this congregation, as all the services of the day will be held in the new building. The chapel of the building will be used hereafter until the auditorium is completed. Sunday morning the rooms for the various Sunday school classes will be assigned, and the first Sunday school service will be marked probably by a good deal of enthusiasm. The Christian Endeavor Society will have special exercises at the 6 o'clock service in the evening, and both the morning and evening sermons will be more or less tinged by the sense of gratitude over the removal into the new church. Altogether the day will be one of rejoicing for the Congregationalists of Santa Ana.

### Afternoon for Miss Parker

Miss Della Parker was again the honoree at a pretty social function yesterday afternoon when her aunt, Mrs. Arthur Lyons, entertained delightfully for the prospective bride. Mrs. Lyon was assisted by Mrs. Alice Harris and Miss Boyd.

The delicate beauty of the peach blossoms used in decorations lent a spring-like charm to the parlors where a company of attractive girls played a unique game of progressive flags. Miss Grace Parker was successful in winning the first prize and the consolation was awarded to Miss Valda Medlock.

An unusual feature of the affair was the reception of the guests at the door by a little Japanese lady dressed in her native costume.

Dainty refreshments were served on the tables used in the progressive game and over these many good wishes were spoken or the young girl who is so soon to leave her old friends for a home in Arizona. Mrs. Lyons' guests were Misses Della Parker, Grace Parker, Hazel Thomas, Shirley Thomas, Florence Mullinix, Elsie Parker, Marguerite Smith, Hope Trickey, Lowell Garnett, Vera Heathman, Valda Medlock, Mamie Winans, Helen Van Cartmell, Bertha Whitehead, Kathryn Irvine, Mrs. Michael Thompson, Mrs. Laurence Bristol, Claude Lindsey, John Spencer.

### Progressive Whist

Pink and white carnations were used decoratively in the parlors of the lovely W. F. Lutz home yesterday afternoon, when Mrs. Lutz pleasantly entertained a company of ladies with progressive whist. The first prize, a pretty dish of Haviland china, went to Mrs. Collier, and a bouquet of sweet violets consoled Mrs. Hoyle.

A three-course collation was served on the small tables following the games. The ladies who were the recipients of Mrs. Lutz's hospitality were Mesdames Collier, Hoyle, Briggs, A. Twist, C. Twist, Fred Parsons, Grubb, Yarnell, Kelley, Shafer, Wehrly, Fuller, Scott.

### Attended Wedding

Mrs. H. A. Wassum, Mrs. Garner and Miss Sarah Gardner were guests Wednesday night at the pretty wedding of Miss Daisy Bevans and Cecil Dalton at the Park Congregational church of Los Angeles. The bride is the niece of Rev. J. H. Cooper, former pastor of the Santa Ana Congregational church.

### Card of Thanks

We desire to express our thanks to the many friends who so kindly assisted us during the illness and death of our wife and daughter, and especially to the pastor, Rev. W. L. C. Samson, and for the beautiful flowers.

### PERSONALS

Mrs. E. D. Cooke returned last evening from San Jose, where she has been for the past two months at the bedside of her daughter, Mrs. Frances Holden, who has been very ill. Mrs. Holden is better and it is hoped she will recover.

Mrs. A. Batty of Marshalltown, Iowa, is here to spend the summer with her brother, Dr. Dobson, and his wife. Mrs. Batty and Mrs. Dobson attended the Iowa picnic held last Tuesday in Eastlake Park.

Mrs. A. J. Visel, Miss Angele and Miss Ruth Visel have returned from a delightful trip to Coachella, where they spent ten days with Mrs. Makosky.

Mr. and Mrs. C. S. Kendall spent today in the city.

Misses Valda Medlock and Dody Page went to Los Angeles this morning for their usual music study.

Mrs. H. E. Smith was a passenger on the early Los Angeles bound car this morning.

Mrs. D. B. Edwards of Wauchoco, Canada, has arrived here for a two months visit with her sister, Mrs. D. A. Dale. It is possible that Mrs. Edwards will like California well enough to locate here, as it is appealing very much to her at the present time.

Word received from Miss Reba Dobson indicates that she is charmed with her new home in Honolulu, where she is engaged in the Queen's Hospital.

Mrs. Maud Bowes has returned from a pleasant visit in Los Angeles. Miss Carrie Stutsman, who has been visiting her brother in Los Angeles for two months past, is expected home today.

Mrs. John Fairley of Willowbrook, arrived in the city yesterday. Mrs. Fairley is the wife of John Fairley, Jr., who is getting out a new city directory. They are at present residing at 330 Halesworth street, but expect to make this their home, as both are much pleased with Santa Ana.

Mrs. J. W. Thompson of Elko, Nevada, is visiting her sister, Mrs. J. F. Stauts, 915 East Third street.

—J. W. Shaul, M. D., eye, ear, nose and throat. Glasses fitted. 110½ East Fourth St., Santa Ana. Both phones.

### LOCAL POST RESOLVES AGAINST ITS RETENTION

Sedgwick Post, No. 17, G. A. R. of Santa Ana, has addressed the following to California congressmen and senators at Washington:

"Whereas, the statute of Gen. Robert E. Lee, in Confederate uniform is now in the National Statuary Hall, awaiting the action of congress as to its retention or exclusion from the same;

"Therefore, be it resolved, by this post, that our senators and the representatives in congress, from this district, be requested to vote against the retention of said statute and that it be returned to the parties presenting the same.

"Passed unanimously, Feb. 23, by Sedgwick Post, No. 17, Dept. California and Nevada, G. A. R.

"Committee on resolutions, George W. Mason, George W. Wilcox, A. B. Paul.

"C. E. BUELL, Commander,

### MAGIC RESULTS FROM "ROBINSON" BATH

"Keep Pores Open, Be Young at 90," Says Eminent Physician

—The results produced by a Robinson "Thermal" Bath inside of 30 minutes are almost beyond belief.

It has been found, for instance, in the case of rheumatism, that uric acid in the blood can be extracted from the system completely in a few days' time.

Eczema can be completely cured within a week.

After one or two thermal baths, nervous wrecks find the change to strength and vigor hard to realize.

Similar results are obtained in cases of kidney trouble, neuralgia, pimples, all skin diseases, throat and lung trouble, insomnia, constipation, lumbago and bad colds.

It is now possible for any man or woman to have Robinson Thermal Baths at home at a cost of only a few cents.

The Robinson Thermal Bath Cabinets are on exhibition and for sale in Santa Ana by the Rowley Drug Co., and in Tustin at Tustin Drug Store.

Go and examine them. Ask the dealers also for the book of the century, "The Philosophy of Health and Beauty," price two dollars, but given away free for a limited time. If you cannot go and see these wonderful cabinets send your name and address to the Robinson Mfg. Co., Suite 34, Snowflake Bldg., Toledo, Ohio, for full illustrated information, free.

### L. H. PADGHAM

—I am an advertising solicitor. Have you seen my advertisements in the papers? At present I am soliciting for the new city directory that Mr. John Fairley, Jr. (late of the Los Angeles city directory), is and has been getting and compiling information for. This proposition I can recommend, as it will be complete and correct. Superior to any work of this kind I have ever seen.

—L. H. Padgham has four advertising propositions to present to the business people of this city and county and they are all first class. It will pay you to see them if you are contemplating doing any advertising and want to reach the people and hold their attention.

## BAD STOMACHS PUT IN ORDER

No Indigestion, Gas, Heartburn  
or Dyspepsia Five Min-  
utes Later

—If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pope's Diapiesin costs only 50 cents and will thoroughly cure your out of order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapiesin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapiesin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery. Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

## OUR WASHINGTON LETTER

WASHINGTON, Feb. 25.—These are halcyon days for the ready letter writer.

If the flood of communications to Congressmen protesting against any increase in the postal rates on second-class matter should continue the troublesome deficit of the Postoffice Department might be wiped out without any special legislation. Every member of the lower House is receiving from 250 to 300 letters a day from constituents on this and other subjects now pending before Congress.

Next in popularity with the correspondents after the postal question comes the tax on oleomargarine. Folks in the dairy district are protesting against repealing the tax, and letters just as vehement from the South ask that the tax be repealed. "It is just as good as butter," wrote a man from Texas to one Congressman, "and I protest, sir, against this class legislation." "Oleomargarine is a fraud," read the next letter the same Congressman opened, "and is a rank imitation of butter. Every dairyman in the United States asks that the tax be retained."

Then comes the postal savings bank proposition. Many letters objecting to the bill are identical in wording and even written on the same kind of paper, and the suspicion is strong that they emanate from some particularly interested financial quarter.

"Repeal the corporation tax," demand other letters received by the score from all parts of the Union. Ship Subsidy, the making of Commander Peary a rear-admiral and the conservation of natural resources come in for their share of epistolary attention. Then there is Women's Suffrage. The suffragettes have a well organized lobby here, and they have started a flood of letters toward Washington on the endless chain plan. Mixed in with these come letters asking for seeds. "Impeach Judges Grosscup and Pollock," is the text for others. Many of the letters have come in response to appeals to "write to your Congressman at once" printed in the various "muck-raking" magazines.

The visitor looking into a Congressman's office, finds the tables, desks, chairs, and floor littered with letters, and the Congressman's clerk and several stenographers busy pounding out answers. Several of the most harassed have installed duplicating machines guaranteed by

### "The Blood is The Life."

Science has never gone beyond the simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood, thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist does not happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

their makers to simulate typewriting perfectly, and form letters are printed thereon adapted to various subjects.

When it comes to large and expansive enterprises in the structural line there is no man for the job like Scott (Rep. W. Va.), Chairman of the Senate Committee on Public Buildings. Scott observed one day that the Government pays about \$350,000 annually in Washington for the rental of buildings, some of which reflected no credit on Uncle Sam, and that the old gentleman should house at least his important departments in buildings in which he held title. He figured on the best solution of the problem and evolved what is probably the second biggest building project in the history of the United States. The capitol cost \$15,000,000 and he has introduced a bill in the Senate to give it effect. The Scott building is to afford shelter for the departments of State, Justice, and Commerce and Labor. These departments are paying \$80,000 a year for the use of privately-owned buildings and yet their work is carried on under the greatest difficulties. The Department of Justice occupies seven buildings and the law library is located half a mile from the Attorney General's office. Clerks are in many cases obliged to work at desks placed in hallways and, in two buildings, a part of the force perform their daily labor in basements. Records of the Department of Justice, of great value, repose in the main building of that branch of the government which was originally an apartment house and is a tinder box.

The priceless archives of the State Department are in the State, War and Navy building, a fine structure that was rated fireproof many years ago but hardly approaches the safety of modern structures. If those papers should be destroyed Uncle Sam's diplomacy would have no more symmetry than an aeroplane after butting into a lightning express. Many of the diplomatic questions drag along for generations. The New Foundland fisheries question is older than the government and it has not yet been answered. It bobs up now and again and the Secretary of State, before engaging in a parley, must read every word his predecessors have said on the subject. Diplomatically speaking, Uncle Sam with his records burned would fare ill indeed.

The Department of Commerce and Labor is established principally in a large block designed for business purposes. It, too, has valuable records, including the trust-busting information gleaned in various investigations. For all these reasons Senator Scott has planned to place the three departments in a marble masterpiece of architecture to cost the millions aforesaid and to occupy five squares between 14th and 15th streets and Pennsylvania avenue and the Mall. The site adjoins the parking south of the treasury and had been acquired by the government.

Everybody agrees with the Senator that the thing ought to be done but all the members of Congress will not vote for it. A good many of them reckon that \$15,000,000 for this structure would mean some millions less for buildings in their own districts, and they figure that the need for ornate federal structures in the cities of Sauterville, Bad Axe, Halfway and Fairview are reasonably important.

"A soldier? Bah!"—General J. Warren Keifer, Springfield, O.  
"What, he? Why he wouldn't dare fight a kitten."—General Isaac R. Sherwood, Toledo, O.

That's the way the two Ohio Congressional generals are talking about each other. Keifer is a Republican; Sherwood, a Democrat. Both are over seventy, and, according to their biographies in the Congressional Directory, each fought his way from the ranks to the top notch of military glory through seas of Confederate gore. Every once in a while General Keifer arises on the floor of the House to attack the military record of General Sherwood. Then, as soon as he can secure recognition, old General Sherwood comes back, hammer and tongs, in the effort to prove that Keifer as a general was a rank imitation.

\$100 Reward, \$100  
—The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood

### LOS ANGELES PRODUCE MARKET

Owing to the fact that shipments for the Santa Fe were very late, most of them not arriving for an entire day after schedule, receipts yesterday were rather short on a number of commodities. Potatoes were particularly affected. The market was very firm on a number of varieties and reports were received that none had arrived. The Idaho stock sold all on account of quality of the stock shipped. There were no receipts of beans either. The market on Nodas was very good at \$2.25 on the price of stock on hand. Northern continued to hold at \$2.00 per hundred. Bean receipts were announced, and as a result the market on pinks was more firm than for some time. No beans were reported at less than one hundred. Other beans were in heavy call.

With the reported decline in the grain butter market and lower prices prevailing throughout the state, local prices also came down yesterday. Creamery extra dropped to 70 cents, but to 65 cents and eastern storage, only eastern on the market at present, came down to 55. Receipts were only over the Southern Pacific by Wells Fargo, and totaled 19,000 pounds.

Local eggs continued very firm. Case count were sold at 23 1/2 cents a dozen. The market on better grades was also good and sales were sufficiently heavy to keep up prices despite the fact that receipts were 455 cases, the largest of the season for a single day.

The demand for cheese was exceptionally good. Swiss imported, eastern, longhorn, daisy and twins, were varieties most in demand. Outside these offerings and sales were less than normal. Receipts were 426 pounds. Lettuce sold anywhere from 50 cents to \$1.25, per crate, showing a range on quality. The jobbing price was less than \$1.00 as a rule. Pickery and endive lettuce from the north were received and the market on these continued at 40 cents a dozen. Bell peppers from the north were offered at 20 cents a pound. They are packed in baskets and crated shipment. Bunch goods were prettily sold out.

A glut of halibut was noticeable on the fish market. All of the fishermen the coast in this vicinity are shipping halibut, they being apparently the only fish that are running heavily this time. Salmon from the north is the choice fish and carp are served at the same time. The salmon is all shipped from the Sacramento river.

### CASE DROPPED HOSE RETURNED

It Was Painted and Nozzleless  
—Traux Believed But Would  
Not Swear

This is the tale of a garden hose. Will Traux, a Southern Pacific trainman, bought a brand new hose, nozzle and all. That hose disappeared from his place.

Wednesday Policeman Heard found a new hose, nozzle and all, in the possession of Jose Barrios, who lives on Logan street. Heard believed the hose was the one taken from Traux's garden, though the hose was different in one very striking particular. The hose found at the Barrios house had been treated to a fresh coat of paint.

Heard went forth to see Traux or some other person to have the hose identified. When Heard returned,

he says he found that something had been done to the garden hose. Its nozzle had been amputated.

Policemen Heard and Cervantes took Barrios to jail. On looking about the place they discovered two old bicycle frames, which they strongly suspected. They took possession of these frames.

Traux was willing to bet \$100 more or less, that the hose was the one he had provided for his garden, but when he came to swearing to a complaint charging Barrios with the theft, Traux put on the brakes and got off the train.

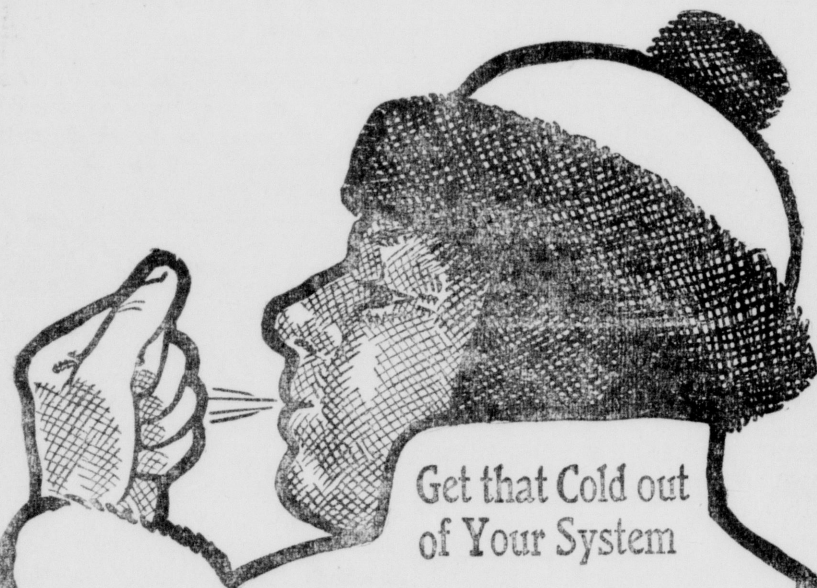

There being, then, no complaint on which to proceed, the officers pulled into the switch and pulled Barrios out of jail. Moreover, the hose was turned over to Barrios, and the hose, paint and all, is now, no doubt, doing service on Logan street.

As yet the two bicycle frames have led to no developments.

Smithwick on the Charge  
Against Him

One H. Hasebe, a Jap, is in the county jail charged with having unlawfully attached himself to a Santa Fe freight train bound from San Diego to Los Angeles. Hasebe occupies the distinctive position of being the first Jap brought before Justice Smithwick on a charge of beating his way on a train. The brown chap is much perturbed. The Japanese Mission in this city has interested itself in the man's case.

Hasebe talks little English. He says he has been in this state over three years. There is a suspicion that he but recently came across from Mexico. That matter has been referred to the Federal authorities.

Hasebe declares he worked in San Francisco and Fresno and then went to San Diego. There he worked a few days and started for Los Angeles. While on his way, he was told by a brakeman to get aboard the freight and for four-bits he could ride as far as he liked. Hasebe says he paid the four-bits and secreted himself in a car, and all was lovely until he was hauled off by Policeman Heard.

Hasebe pleaded not guilty to the charge of riding the train without permission, and his trial was set for next Tuesday morning.

—The following is a sample of the unsolicited testimonials received regarding the Sanders Orchard Disc Plow:

Orange, Cal., March 15, 1909.  
J. C. Williams & Son,  
Dear Sirs:—Regarding the Sanders Orchard Disc Plow, will say that the honest truth is, that if I could not get one for elss, running an orchard as I am, I would give its weight in silver before I would be without it. I would consider it a good business proposition.  
Yours truly,  
HENRI F. GARDNER.

### BALD HEADS NOT WANTED

Baldness is Too Generally Considered a Sign of Advanced Age

—A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over thirty-five years of age as new employees.

Almost 65 per cent of bald-headed people may regain a good head of hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word or hesitate to put our remedy to an actual test.

We want every one suffering from any scalp or hair trouble, dandruff, falling hair or baldness, to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected and we exact no obligation from the user whatever.

We are established right here where you live, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer except that we are certain that we can substantiate it in every particular. Rexall "93" Hair Tonic comes in two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies in Santa Ana only at our store,—The Rexall Store. Dean's Drug Store.

### SAN DIEGO GETS BOOST ON EXPOSITION FUND

SAN DIEGO, Feb. 25.—San Diegans were delighted last night when it became known that John D. Spreckels, late yesterday afternoon, subscribed for \$100,000 worth of stock in the Panama California Exposition Company.

This makes a total of \$755,000 toward the \$1,000,000 fund, which has been subscribed to date. The remaining \$245,000 it is confidently believed by the finance committee will be secured within the next week.

### GROCERY BILL WAS SUBJECT

Question: Can Wife's Property  
be Levied Upon for Community Table?

Justice of the Peace Smithwick yesterday heard the evidence in the action in which the Merchants & Manufacturers Association is plaintiff and Hattie and U. J. Ross are defendants. The suit was brought by the association on a claim of \$127 assigned to it by A. G. Lucas, the grocer. The amount was alleged to be due for groceries.

The principal point to be decided by the justice, who has the case under advisement, is whether or not the property of Mrs. Ross can be held for the community bill, there being no property in U. J. Ross's name subject to execution.

H. J. Forgy appeared as attorney for the Merchants & Manufacturers association and Daniel & Daniel for the defendants.

### DO YOU KNOW WHY

We have sold the Starr line of pianos for over fifteen years?

BECAUSE we have never yet sold one that did not prove to be entirely satisfactory.

BECAUSE they are all High Grade Pianos.

BECAUSE they build every known kind of instrument in the piano line.

BECAUSE their prices are reasonable and terms to suit everyone.

BECAUSE they operate the largest factory in the world building pianos exclusively.

BECAUSE they have taken the grand prize at the different world's fairs for the last thirty years.

BECAUSE none but skilled workmen are employed in their factories.

BECAUSE their system of inspection absolutely results in perfect construction.

BECAUSE our former customers are our best advertisers.

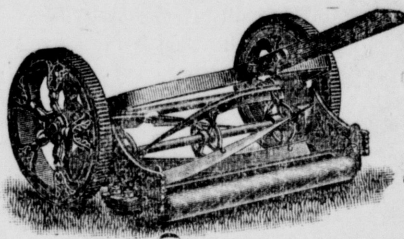

BECAUSE we believe our pianos are second to none.

The Starr line of pianos comprise the Starr, Richmond, Trayer and Remington pianos, made in the largest piano factory in the world, with large resources, immense lumber yards and perfect equipment. Sold either for cash or on the easy payment plan. Don't put it off. Get that piano you have been talking about NOW.

### LAWN MOWERS

We have this season six styles of lawn mowers, and are offering a better mower for the money than we have ever had. Prices run from \$3.75 to \$8.50 but we especially recommend our \$5.00 machine. It has heavy knives, high wheels, screw adjustment, in fact a good enough for any lawn and will last for years. Be sure and see it. See us also for grass catchers, lawn rakes, Bermuda hooks, lawn sprinklers, etc.

### The Kansas Tin Shop

has been looking up roofing material and of all the kinds used or offered on the market at a price (within reasonable figures) we find rugged galvanized iron is the best, where the pitch of the roof is not less than one inch to the foot.

Often a still flatter roof may be covered with corrugated iron, but it is taking some chances.

Or this iron can be used without solid sheeting under it. It makes the cheapest good roof that can be made.

A tin roof is good and lasts a long time if kept well painted and can be used on almost flat roofs, but it requires full sheathing under it and costs more than corrugated iron.

Then comes the Tarred Felt with a multitude of names, among which is Rubberoid and this is one of the best "paper roofs" (so-called). The manufacturers guarantee any of this material for three to five years. Our new school houses are covered with this material. We don't know under what name those roofs were covered, but probably with close watching and occasional repairs, those schoolhouses will not need a new roof for five years.

We can furnish you any kind of a paper roof you want, or corrugated iron that will last a half century, or we will put on a tin roof that will give satisfaction after all the paper roofs are forgotten.
